Worshipping God with joy and reverence

Thinking of all the aspects of worship—liturgy, environment, ministries, accessibility, the sacraments, faith formation and development, and continued learning opportunities—what are we doing well? What might we offer that we’re not offering now?

Welcoming the stranger with love and compassion

How can we at Mother of God better connect with the person in the pew next to us? What practical steps can we take to foster relationships and build a strong sense of community?

Serving those in need with humility and respect

Are you satisfied with the opportunities you have at Mother of God to serve others in need? Are we missing any critical services or groups of people in need?

What does a vibrant parish look like to you? Can we count on you to help? If so, how?

What we are going to do with your feedback and ideas:

Parish Council will compile all your comments and separate them into buckets of work. We will take into consideration the strongest themes, as well as what is most achievable. We will prioritize these into short- and long-term goals and build committees to put ideas into action. We will need your help in making these goals a reality. Watch for a summary report in the coming weeks.

Thank you for sharing your ideas. We are excited about the future of Mother of God parish!
